WORK EXPERIENCE

PSPDFKit GmbH, Vienna, Austria (Remote) — Senior Web Engineer

SEPTEMBER 2019 - PRESENT

- Directed the development and enhancement of several critical features for the [PSPDFKit for Web PDF editor](#), leveraging technologies like React, TypeScript, Redux, Jest, React Testing Library, and Playwright. Demonstrating deep expertise in DOM manipulation and computer graphics concepts.
- Orchestrated the creation of [the new SDK demo site](#) utilizing Next.js, Tailwind CSS, Playwright, and Storybook. Successfully built and presented a proof-of-concept that significantly contributed to the signing of a major deal with a customer, and later became the [official SharePoint offering](#).
- Provided direct support to customers via email and calls, troubleshooting their integrations and guiding them through our product offerings.
- Mentored new hires and engineers across teams, fostering a culture of knowledge sharing and mutual growth.
- Authored several technical blog posts, enhancing the company's industry credibility and client engagement. [\[1\]](#) [\[2\]](#) [\[3\]](#)

Sulvo, Las Vegas, NV (Remote) — Web developer

APRIL 2018 - SEPTEMBER 2019

- Championed the progressive migration of the main application from Meteor Blaze to Vue, and initiated the use of Jest for unit and integration testing, boosting application performance and test coverage.
- Implemented a modernized web development toolkit using Webpack and Jest, enhancing UX and developer productivity.
- Worked closely with the UI designer to craft compelling user interactions, increasing user engagement and satisfaction.

Codium, Asunción, Paraguay — Web and mobile developer

JANUARY 2015 - APRIL 2018

- Played a key role in [PeerDoc](#), an open-source collaborative document editor, using Vue for the frontend and Meteor for the backend.
